

Be A Part of the Change

West Virginia Collegiate **PREVENTION**

Collegiate Strategic Prevention
Framework-Partnership for Success

Mission Statement

The C-SPF-PFS's mission is to enhance and support the existing prevention infrastructure among higher education institutions in Southern WV to prevent the onset and reduce the progression of substance misuse among students.

Vision Statement

The vision of the C-SPF-PFS Initiative is that institutes of higher education in Southern WV will have a strong, sustainable prevention infrastructure and the capacity to prevent the onset and reduce the progression of alcohol, tobacco, vaping, marijuana, and prescription drug misuse and its related problems among their students.

Current C-SPF Projects

- Campus Student Leaders & Campus Leadership Groups
- The Change We Seek: A Podcast from a Prevention Perspective
- The Stigma Free Website Designation Project
- Social Messaging Campaign

STAY CONNECTED!
